The population of Chetaldine Town according to the Census of 1941 is stated to be 14,522 and that the rules relating to the registration of births, deaths and marriages are in force in the town
To the question originally started was with the proposal to appoint a 3rd bill collector who was intended to be

given the work of registering Vital Statistics abolishing the post of the sub registrar of births & deaths etc The proposal is now modified to entrust this work to the Vaccinator who is understood to be already attending to it This consequently amounts to the question of appointing the 3rd bill Collector as suggested maintaining in view the fact that the arrears of taxes are heavy and that the two bill Collectors already working cannot cope with the work

11 The 3rd bill Collector was proposed to be appointed on Rs 20 (25 with the addl work of registering Vital Statistics now that the latter work is entrusted to the Vaccinator, the bill Collector may be given Rs 20/- like the other two the point perhaps requires to be cleared up before action is taken for raises

MMS 12/1/44

12 The question of abolishing the post of the Sub Registrar of Births & deaths is certainly important & may be considered after getting certain further particulars, as to when the post was sanctioned, how long has it been continuing who is in-charge of it, in what place etc This would be attended to by the Vaccinator

13 In the meanwhile the creation of the post of another bill Collector on Rs 20/- p.m. as in the case of the other two bill Collectors might be sanctioned, in view of the increase in collection work

Enclosure No File

Sir,—

In forwarding herewith the entire file of records ending with letter No. C 41/41-42, dated the 10th September 1943 received from the President, Chitaldrug Town Municipal Council, in the matter of sanctioning an additional bill collector in grade Rs. 30-1-35 in place of the Sub Registrar of Births and Deaths, I have the honour to state that the work of the Sub Registrar is now being attended to by the Town Vaccinator and a suggestion was made from this office as to why the designation of the Sub Registrar should not be changed to that of an additional Bill Collector in view of the heavy outstandings to be collected. The subject was placed before the Municipal Council at its meeting held on 23-10-1943 and it was resolved that the above suggestion might be accepted. In the meanwhile, Government sanctioned the appointment of an additional Bill Collector in their order No. L 2770-80, dated 14th April 1943. Including this additional Bill Collector, there are at present only two bill collectors in the Municipality and the President's recommendation to the appointment of a third Bill Collector on Rs. 20-1-25 by abolishing the post of Sub Registrar of Births and Deaths in view of the fact, that the town has divided into four blocks and the present staff of two Bill Collectors can...

satisfactorily attend to collection work of taxes in all the blocks the arrears in the Municipality are no doubt heavy, being Rs 18,000/- at the Commencement of the year and the appointment of another bill collector may help the reduction of arrears and therefore request that Government may be pleased to accord sanction to the appointment of a third Bill Collector on Rs 20-1-25 by abolishing the post of the Sub Registrar of Births and Deaths Early orders are solicited

I have the honour to be,
Sir,
Your most obedient servant,

p t o
